

Hello my name is Ruby and I am 14 weeks of age, I am ready and waiting to find my forever home. Whilst I am having fun learning my manners from two Shar Pei sisters, I just want my own home. Let me tell you a little about myself - I am full of beans, love to play with my fur sisters and I am very affectionate. If you come and sit on the floor near me I will curl up in your lap for a little snooze. My foster mum says I snore but that's fairly normal for a pei puppy.

I would be happy to have a big brother to keep on teaching me my manners, however I may be ok on my own in the right home.

Like most Shar Pei I will likely need entropion surgery at 12 -14 months of age. I am fully vaccinated and desexed.

Well that's me and I cannot wait to meet my new family.....

Adoption fee : \$920
